TVPAD必裝：港粵網路電視，這個APP足夠爽！！

出處：TVpad 作者：Nicole 發表時間：2015-01-08 11:32:11

TVPAD4到手10多天。個人覺得比前幾代有很多改變，例如清晰度、介面還有遙控器。個人傾向於粵語節目，買TVPAD也是因為它專門的粵語應用比較好，對這方面比較關注。。所以和大家分享一下這方面心得：

TVPAD4上架了一個新的APP：港粵網路電視。又一個TVPAD專用的APP。。。

不知道有多少人在用它，不過確實有它的獨特之處，介面和分類很像泰捷視頻。。綜合了其他粵語應用的功能在裡面，感覺粵海寬頻、粵海時移、港粵快看、粵TV這些加起來都沒有港粵網路電視一個APP牛逼~~~

無圖無真相，先看看這個軟體：

TVpad常見問題解析

携手TVpad2012欧洲杯决赛.....

前面說了，介面和泰捷視頻、愛奇藝之類的雷同。。不過直播和重播是特色吧，畢竟很多國內出名的APP因為政策原因不敢上這兩個功能，海外專用的APP就沒有這個限制了。

節目內容

總體來說，節目比上面說的粵海寬頻這幾個粵語APP加起來要多，好就好在，用一個APP就可以方便切換。

直播大部分都是高清台，絕對是愛看TVB的筒子的真愛。

點播給分成電視劇電影和綜藝。。我最喜歡的就是TVB劇集和娛樂節目全是1080P高清視頻~~相比其他一些盒子，作為TVPAD專有APP的口碑還是不錯的，更新速度方面還需要一段時間跟進才知道。

電影內容有待增加，畢竟每年的影片都很多，能讓我們第一時間看到免費的新電影才是最重要的。希望TVPAD官方人員看到我的建議。。

這個專門給倒時差和平時忙的筒子準備的，建議台再搞多一些。。

總結一下：

- 1、功能比較全，足夠用了，直播點播和重播都整合在一起了。
- 2、一個軟體相容了其他幾個粵語APP的功能，不需要下載很多個粵語APP，看的時候不要來回切換也省事。。省得老媽記不住，老問我哪個APP是看什麼。。
- 3、節目資源基本上是一些比較新的節目和電影。可點播的內容比其他幾個粵語APP加起來多。不過還是希望多多益善~~~
- 4、點播內容基本都是高清的，直播有一大半是高清，而且看官方的宣傳趨勢可能慢慢的都轉為高清。
- 5、換台載入的時間大概在2-3秒之間（我家20M頻寬），可以接受。

總的來說，使用方便，體驗也好。TVPAD完全可以考慮用港粵網路電視替代其他幾個粵語APP了，沒必要整這麼多APP讓大家眼花繚亂！！！

非常值得推薦的一款APP。特別是有老人的家庭，用港粵網路電視的話方便

<p>Tag: TVpad smart web OTT box, live broadcast of overseas TV, live broadcast of popular TV dramas, HD live broadcast of sports events, HD TV live broadcast</p> <p>Essential on your TVpad: Gang Yue Web TV, an awesome APP!!!</p> <p>Source: TVpad Author: Nicole Post time: 11:32:11, January 8, 2015</p> <p>I have had my TVpad4 for over ten days. I think that TVpad4 is significantly different from previous versions in terms of definition, interface, and remote controller. I prefer Cantonese TV programs, and I bought my TVpad because it provides good specialized Cantonese APPs, and I pay special attention to this aspect. I'd like to share with you my experience of using TVpad4.</p> <p>In TVpad4, a new APP, namely, Gang Yue Web TV, is added. This is another specialized APP for TVpad.</p>	<p>Blog classification</p> <p>All articles [270]</p> <p>TVpad user experience [8]</p> <p>TVpad corporate news [116]</p> <p>TVpad movie & TV information [104]</p> <p>TVpad official activities [18]</p> <p>TVpad know-how [23]</p>
<p>I don't know how many people are using this APP. With some distinctive characteristics, it is very similar to Taijie Video in terms of interface and classification. It is integrated with the functions provided by other Cantonese APPs. I even feel that Gang Yue Web TV is more powerful than Yue Hai Broadband, Yue Hai Time-Shift, Gang Yue Kuai Kan, and Yue TV put together.</p>	<p>Popular tags</p> <p>TVpad coupon, TVpad software, TVpad problem</p> <p>TVpad smart network OTT box, CREATE NEW TECHNOLOGY</p> <p>Live broadcast of overseas TV, initial launch of new TVpad4, discount</p> <p>TVpad4 Chinese web TV, live broadcast of popular TV dramas</p> <p>Broadcast of popular music, TVpad Chinese web TV</p> <p>HD live broadcast of sports events, overseas Chinese TV OTT box</p> <p>Free live broadcast of overseas Chinese TV, HD TV broadcast</p>
<p>No photo, no truth. First, let's take a look at the APP shown in the following figure:</p>	<p>Hot blogs</p> <p>How to watch TVpad programs on</p>

Essential on your TVpad: Gang Yue Web TV, an awesome APP!!!_TVpad Store

<p>As I just mentioned, its interface is very similar to those of other APPs, such as Taijie Video and Aiqiyi. Live broadcast and rebroadcast are its unique features. After all, due to policy restrictions, few of the well-known APPs dare to provide these two functions in mainland China. In contrast, APPs intended for overseas Chinese are not restricted by the policies.</p> <p>Program contents</p> <p>On the whole, it provides more programs than those provided by the above-mentioned several Cantonese APPs combined. One of its benefits is that channels can be switched conveniently by using one APP.</p>	
<p>Most of the channels broadcast live are HD channels, which are absolutely the favorites of TVB fans.</p>	

Essential on your TVpad: Gang Yue Web TV, an awesome APP!!!_TVpad Store

<p>The VOD section is divided into TV dramas, Movies and Variety Shows. My favorites are TVB dramas and variety shows, all of which are 1080P HD videos. Compared with other TV boxes, this APP, as the specialized APP of TVpad, has a good reputation. I need more time to know how fast it is updated.</p>	
---	--

Essential on your TVpad: Gang Yue Web TV, an awesome APP!!!_TVpad Store

<p>The number of movies needs to be increased. After all, a large number of movies are produced each year. The most important is to allow us to enjoy the latest movies in a timely manner and for free. I hope that TVpad personnel will consider my suggestion.</p>	
<p>This is specially provided for those who need to cope with time differences and are busy. It is advisable to add more channels.</p> <p>Summary:</p> <ol style="list-style-type: none">1. Sufficient functions are provided, with live broadcast, VOD, and rebroadcast integrated.2. A single APP provides the functions available in several other Cantonese APPs combined. There is no need to download several Cantonese APPs or switch between APPs during watching. Thus, my mother, who keeps asking me for what purposes the many APPs are intended, can easily remember the APP.3. Most of the resources are recent TV programs and movies. The number of VOD contents it provides is larger than the numbers of VOD contents provided by the other Cantonese APPs combined. Even so, I hope that more contents will be added.4. Almost all the VOD contents are HD contents. Most of the live broadcast programs are HD programs. In addition, as indicated in the official publicity, the trend is possibly to convert all the programs to HD programs.5. Channel switching and loading takes two seconds to three seconds (at an Internet access speed of 20 Mbps at my home). This is acceptable. <p>On the whole, it is convenient to use and provides good experience. TVpad absolutely can consider replacing the other Cantonese APPs with Gang Yue Web TV. It is unnecessary to provide so many APPs, which are rather confusing.</p> <p>This APP is highly recommended. In particular, in families with elderly people, Gang Yue Web TV makes TV watching much more convenient.</p>

昨晚TVB开播【冲上云霄2】，看到最多的评语是：主题曲太难听了，还我岁月如歌！！十年前，陈奕迅演唱《冲1》主题曲《岁月如歌》，与剧集一样成为经典，最期待《岁月如歌》成为剧集主题曲，不过却由于陈奕迅演唱主题曲，粉丝感到好失望，一起来回顾下岁月如歌吧

	<p>TVpad</p> <p>Last night, broadcasting of "Triumph in the Skies 2" started on TVB. The general opinion reflected in the commentaries is that the theme song is far worse than "Songlike Years". Ten years ago, when Eason Chan sang "Songlike Years", the theme song of "Triumph in the Skies 1", this song was considered as a classic like the drama series itself. It was expected that "Songlike Years" would become the theme song of the sequel. However, the new theme song turns out to be sung by George Lam. The fans are very disappointed. Let's enjoy it one more time - "Songlike Years".</p>		Shard with: Public

[Eternal classic! Review McGrady's 13 points in 35 seconds] "McGrady declared on ESPN that he would formally retire from the NBA". His 13 points in 35 seconds have touched so many people; it was McGrady's most glorious moment. Will such a classic moment be repeated in the NBA? That year, you were _____? Let's review that moment together.

Ann Lo: I certainly watched that game. It was so breath-taking that my blood pressure soared and my apartment was shaken by my cheers. Haha, I felt cheerful for several days after. Such wonderful matches often happen in the NBA. Now, my uncle and I often watch the games on CCTV5 and Star Sports, because they provide Chinese commentary.

	<p>T-Ling Fang Compared with the consumers, the company has a much better understanding of the differences between the old and new products (TVpad 2 and TVpad3) and can easily point out the differences. It is disappointing enough that your company failed to clearly describe or list the differences on your official website immediately after the new product was launched. When the customer asked for the basic function description that should be provided in the Product Specification, you still gave a perfunctory reply. Is it a good idea? 新一代TVpad4大不同

备受期待的TVpad4终于上市，很多TVpad的粉丝们这几天一直在说一个问题，说TVpad4与其他盒子比有何不同，甚至跟上一代的TVpad3有什么创新或者突破，到底有多牛x，下面就让小编来给大家整理，整理，希望对大家了解TVpad4有好处。（为了跟更形象直观，我直接用对比形势来展示给大家看）

1、首先咱来看一下外观：

TVpad4比起其他盒子更纤薄、更轻巧、更圆润、更精致。

2、播放更清晰了，TVpad4采用最新的H.265高清解码技术，什么叫H.265技术，这个直接看图更能明白。

H.265视频编码技术首次尝试海外中文盒子商业化，实属国际领先水平。

H.265技术下TVpad4播放1080P超高清播放效果，比TVpad3的画质清晰不少。

EXHIBIT 29

3、顶配硬件
内芯强劲，才能够持久动力

品牌	TVpad4	某米	某模仿品牌
CPU	四核	双核	双核

四核CPU，操作反应、视频播放处理速度秒杀同行，加之首款使用H.265技术的盒子，播放，不卡机，体验飞起来！！

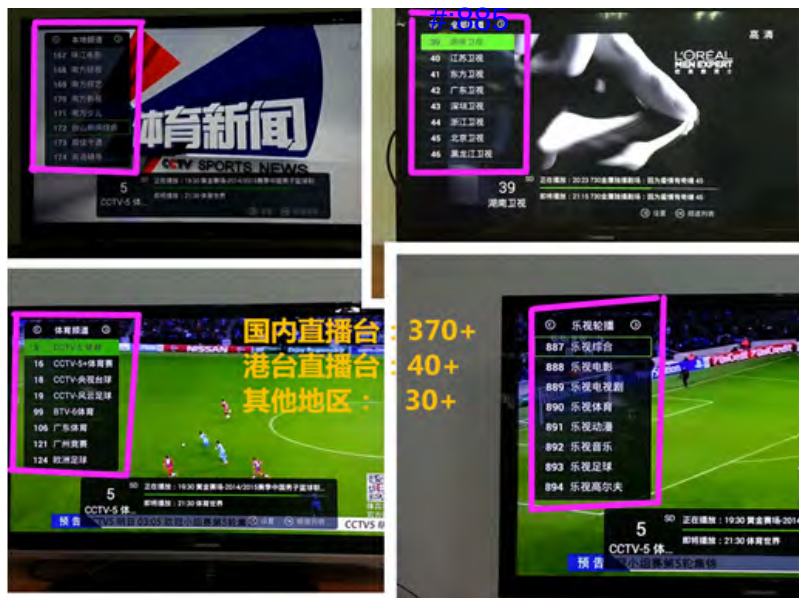

4、UI界面对比

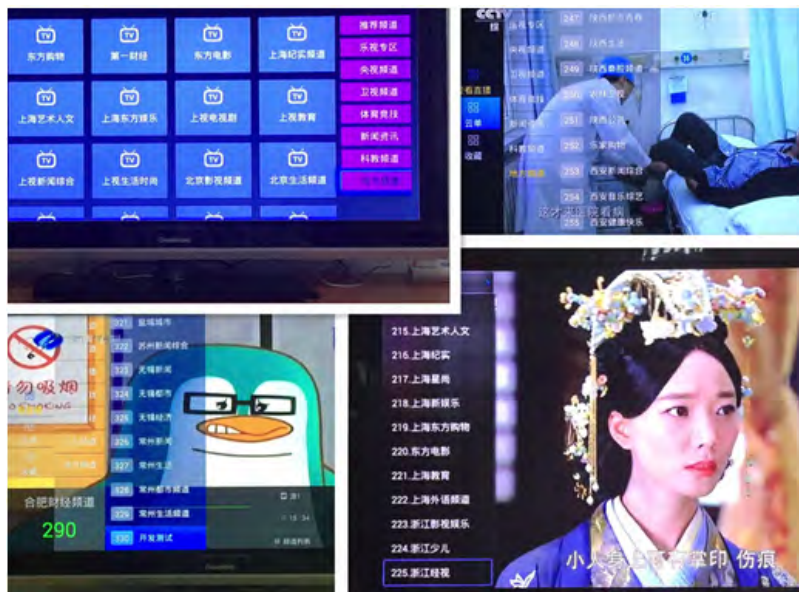

UI越来越人性化，操作更实用、更高效简单，切换速度极快。

5、节目内容（这个是最牛x之处，其他地方完全没有）

直播:

港台剧都正常播放

300多个国内台+40多个港台直播

国内盒子受限政策因素, 不支持直播功能, 海外同类盒子收费或少量直播台

点播：

覆盖中、港、台、美、日、韩等几乎所有热门经典电影、电视剧，以及新闻、体育、娱乐节目。

时移：

国内盒子受限政策因素，不支持时移功能，海外同类盒子少有时移功能。

6、特有直播APP

独家拥有粤海宽频、粤海宽频2、粤海时移、港粤快看等10余个APP。
最近最火的HKTV??看图有惊喜~

更多精彩，请购买体验.....

For the last few days, TVpad fans have been talking about the differences between TVpad4 and other boxes, its new features or breakthroughs compared with TVpad3, and how good TVpad4 is. The following summarizes the features of TVpad4 to help you better understand TVpad4. (For more visual description, TVpad4 will be directly compared with other TV boxes side by side).</p> <p>1. First, let us compare their appearances.</p> <table><tr><td></td><td>The thickness is only 18 mm.</td></tr><tr><td colspan="2">TVpad4 is thinner, smaller, and more streamline.</td></tr><tr><td colspan="2"></td></tr></table> <p>Compared with other TV boxes, TVpad4 is thinner, lighter, more streamline, and more refined.</p> <p>2. The video definition is higher. TVpad4 adopts the latest H.265 high-definition decoding technology. The advantage of the H.265 technology is clearly shown in the following screenshots.</p> <table><tr><td>Effect of live broadcast on TVpad4</td><td>Effect of live broadcast on TVpad3</td></tr><tr><td>Effect of video playing on TVpad4</td><td>Effect of video playing on oonBox</td></tr></table> <p>This is the first time the H.265 video encoding technology has been used in an attempt to commercialize Chinese boxes overseas. Its technological level is world-leading. With the H.265 technology, the definition of a 1080P super HD video played on a TVpad4 is much higher than that on a TVpad3.</p>						The thickness is only 18 mm. 3. Top-configuration hardware.
The powerful CPU used provides lasting driving force.

Brand	TVpad4	A brand name containing "Mi"	An imitative brand
CPU	Quad-core	Dual-core	Dual-core

Adopting a quad-core CPU, TVpad4 delivers much higher performance than similar products in terms of operation response, video playing, and processing speed. In addition, as the first box that uses the H.265 technology, TVpad4 plays videos very smoothly, providing you with a swift experience.

4. UI comparison.

TVpad4 UI	
This can be hidden.	TVpad3 UI

The TVpad4 UI is more customer-centered, easier-to-operate, more efficient, and simpler, and allows very fast switching.

5. Program contents (This is what makes TVpad4 unique, not available in any other product.)

Open Android system, wireless APP installation (Duet to policy restrictions, the TV boxes provided in China can only use a closed platform.)	
APPs can be added and updated infinitely.

Freshman	<p>Where did you get these programs? They don't seem right. It is said that Zhao Benshan will not go up on the stage of a spring festival gala, but the program still mentions him. It is said that Guo Degang will appear in the spring festival gala, but the program list does not mention him. The program list available at the following URL is more reliable:</p> <p>http://www.tvmao.com/CCTV_chunwan_jiemudan.html</p>

鉴于本版伙伴们的推荐，先把欧冠四强活动继续下去。
感谢cheungyingfun hicuagain candice 的热心。

欧冠四强出乎我们的意料，马竞成为一匹黑马搅动欧冠时局，当然，每场比赛都很精彩，球队都是百分百的投入激情进行战斗，即使8强中那些落败者，也是真英雄，因为他们和4强一起的奉献，我们才看到了那些激动人心的比赛，翻盘、逆转、强势.....

8强有个定律，不知道伙伴们发现了没有？？？
主队不败，胜率更是高的惊人，达75%。
而皇马的德国行依旧沿袭了传统。此番对战拜仁，能够完成逆袭吗？？？
马竞和切尔西不得不精神可嘉，在不被看好的前提下，两队表现出惊人的战力，半决赛中两队直接碰撞也是值得期待！！
试问今年谁能站在里斯本光明球场之巅？？？C罗在家乡捧杯？？？拜仁强势5年4进决赛，欧冠2连霸？切尔西王者归来？马竞一黑到底？？？

好了，现在来讲下活动规则了。。。活动介绍：欧冠半决赛即将燃起战火，即日起我们将推出欧冠竞猜活动，评选出多位“最佳球迷”，将获赠神秘大奖，赶快打开TVpad收看欧冠赛事。

His (her) daily mood Happy 2014-6-11 11:37:15		Thanks to the recommendation by friends of this forum, we will continue the guess of the ranking of the final four of the UEFA Champions League. We'd like to thank cheungyingfun, hicuagain, and candice for their enthusiasm.				
Sign-in by days: 382 days		The final four of the UEFA Champions League was not what we expected. As a dark horse, Atlético De Madrid shook the UEFA Champions League. Every game was wonderful. Every team spared no effort in the games. Even the teams defeated in the quarterfinals are true heroes who, along with the final four, presented us with those exciting moments, including lead changes and mighty offensive...				
[LV.9] Make the forum a home. II						
Pay a visit	Add as buddy	I don't know whether you are aware of a "law" of the final eight.				
Say hello	Send a message	The home teams remained largely undefeated, with a surprisingly high victory rate of 75%. As it has been before, Real Madrid was defeated in Germany. Can they rewrite history and beat FC Bayern München this time???				
		Though formerly underestimated, Atlético De Madrid and Chelsea, with splendid spirit, delivered spectacular performance. The semifinal between them is going to be exciting. Who will be crowned in Estadio da Luz in Lisbon this year? Will Cristiano Ronaldo hold the trophy in front of home audience? Will FC Bayern München, who have reached the semifinal four times in the last five years, win the championship twice in row? Will Chelsea make a triumphant comeback? Or will Atlético De Madrid remain a dark horse till the end?				
		The rules of the guess games are as follows.				
		Games information: The semifinals of the UEFA Champions League will start soon. From now on, we will launch the UEFA Champions League guess games and select a number of "Best Fans" who will be awarded big prizes. Please tune in to the UEFA Champions League matches on your TVpad. Final four of the UEFA Champions League: (The match schedule and activity schedule are both in Beijing time.) Atlético De Madrid vs. FC Bayern München, Atlético De Madrid vs. Chelsea

		Guess rules:		
		1. An ID can be used to guess only once during this period. Any repeated posts or any other invalid posts will not be accepted. 2. Any guesses or guess changes made after the deadline will not be accepted. 3. Guess results will be sorted according to the time when posts are last edited. Prizes:		
		TVpad (white)	1	First person who made the right guess (according to the last modified guess)
		TVpad3 coupon (\$50)	5	Second person to sixth person who made the right guess
		Time for giving prizes:		
		1. Within seven days after the finale, statistics will be collected and the prize-winners informed individually. If we receive no reply from a prize winner within 7 days, he or she will become ineligible for the prize, which will be given to the next person who made the right guess. 2. After receiving the valid information about a prize winner, we will send the prize within seven days.		
		Notice to the winners of white TVpad:		
		1. Currently, the white edition is still undergoing internal testing. The release date of the public edition is yet to be determined (not later than one month before the World Cup). Therefore, if you win a white TVpad, you may need to wait some time before receiving your prize. (brightlook would like to say sorry in advance.) If you don't mind it, the prize can be replaced by an engineering machine or TVpad3 (through individual communication). 2. A winner of a white TVpad needs to, within 10 days after receiving his or her prize, post at least one detailed evaluation article (The evaluation contents should include, but are not restricted to, packaging, unpacking photos, accessories, product appearance design, application installation and use, use strategy, and application recommendation).

Sign-in by days: 2 days		Though I did not watch the matches, which were too late into the night, I will continue supporting Atlético De Madrid in ultimately winning the trophy as a dark horse! Real Madrid's Bale is beginning to prove his talent, but I still don't think that Real Madrid will have good luck in the Champions League. Ha-ha!

		Comments: brightlook Do you think that the final will be a derby? A derby final is possible only if Real Madrid put an end to their defeats in Germany. Details Reply Posted at 13:42:53, 04/18/2014

Sign-in by days: 3 days		Gang Yue Web TV is a Cantonese video integration application. It has a collection of popular Cantonese live and VOD programs and provides functions including program advance notice, live broadcast appointment, and playback. In addition, Gang Yue Web TV is designed with abundant columns, such as popular teleplays, classic dramas, entertainment, leisure, and traditional operas, to meet the all-round program needs of Cantonese-speaking users. A single application, Gang Yue Web TV, is good enough.

	Recently, when I change channels, the buffering always takes too long. For the first six seconds to seven seconds, the download speed can't even get higher than 100 kbps; at its worst, the download speed would stay in the single digits. But the long buffering is not unacceptable as long as the program works.			
	I hope that TVpad will keep working normally.

請問 TVPAD - OL Sports app 有無可能將 CCTV 5/CCTV 5+ 變成高清?

小米上的 VST 同埋怒風直播都有 HD CCTV 5 source.

OL Sports app無CCTV 5+ 高清. 但是CCTV 5的高清在BETV HD 的app中可以看到，同意楼主， 如果能有CCTV 5+的高清频道就更好了。

Yap LP 美剧和电影在TvPad2里的内容很不足，很多朋友都是用电脑先下载了，再插到TvPad2中，利用MVod播放，希望第三方能做一个『快播』软件搜寻播放。

	Yap LP TVPad2 is very suitable for me here in Malaysia, allowing me to watch many Chinese TV programs. I have bought six TVpads for my friends, and I will buy more. I hope that more live and playback sports channels, for example, BTv Sports, ESPN English, EuroSport English, and SuperSport English, will be added. In addition, I hope that the video definition of GDTV Sports will be improved. I also hope that a third-party App will be provided that collects football, basketball, table tennis, and badminton matches, to make program query more convenient. In addition, the playback on Yue Hai 2 and that on BETV 2 is often interrupted. For example, immediately after the program played from 14:00 p.m. to 16:00 p.m. is played back, the program played from 19:00 p.m. to 21:00 p.m. is played back, with the program played during the intervening time period gone missing. Now, my friends can only download movies and US TV dramas to their TVpad2 for playback. The US TV dramas provided are very insufficient. Many US TV dramas, old or new, are not available. It would be best if a third-party "quick VOD application" is developed for directly searching and playing movies on demand. "Hot Korean TV Dramas" is very good. I hope that "Hot Japanese TV Dramas" will also be provided for playing Japanese TV dramas with Chinese subtitles. Nowadays, Thai TV dramas are also very popular; I also hope that "Hot Thai TV Dramas" with Chinese subtitles will also be provided. 1 · August 21, 2013 at 4:12am		
	TVpad Thank you for your suggestion. Regarding the adjustment and adding of program applications, we will communicate with third-party application developers, as we need to give consideration to their development plans. Still, I'd like to thank you again for your suggestion. August 21, 2013 at 6:21pm

	Yap LP I hope that Chinese channels of Macao, Singapore, and Malaysia can be added. In addition, for Vietnamese channels, only the National Channel uses the language of North Vietnamese, which is not understood in southern Vietnam. I hope that south Vietnamese channels VTV Huế, VTV Đà Nẵng, VTV Phú Yên, VTV Cần Thơ 1, and VTV Cần Thơ 2 will be added.		
	For teaching and learning languages, only two channels "English for Children" and "Learn Chinese Easily", are available. I hope that more channels will be added for learning Chinese, Korean, Japanese, Thai, Russian, French, and Spanish. In addition, I hope that more Apps can be provided for learning and passing down dialects such as Sichuan dialect, Shanghai dialect, Hunan dialect, Hubei dialect, Cantonese, southern Fujian dialect, and Hakka. 	TVpad Sorry, as I have been recently taken ill, I could not reply to your post sooner. I have recorded your valuable suggestion and will forward it to relevant personnel. Thank you again! September 5, 2013 at 8:32pm		
	Josie Keung I strongly advise adding a browser with Internet access to TVpad so that a user can browse APPs on the Internet directly using a TV set. My TV set is a Smart TV that comes with a browser, which allows me to directly visit websites before TVpad is installed. Now, with TVpad installed, it is inconvenient to use the APPs available on the TV set. I have to remove TVpad before I can use the APPs. This is very inconvenient. Please accept my suggestion and consider developing a browser with Internet access for benefiting the users. Thanks. August 19, 2013 at 11:41am · Edited		
	TVpad Thank you for your suggestion. We will consider it. The product has been positioned to provide TV services, so far giving little consideration to network support. Still, I'd like to thank you again for your suggestion. Maybe, the next-generation product will provide the function you suggested. August 19, 2013 at 6:26pm

	Please add more Japanese channels and the recording function. In addition, for the seven live Japanese channels, the video often becomes unsmooth every 10 minutes to 15 minutes (PS: I watch the programs by using a wired Internet connection, without WIFI connection. The Internet access speed is 100 Mbps. The ISP is HK Broadband). Other APPs need to be restarted for several times before movies can be loaded. August 18, 2013 at 11:44pm
